- h. For any assistance please write to pedstransfusionmedicine@gmail.com

5. Categories/ Topics for the abstracts

- a. Immunohematology relevant to neonatal and pediatric transfusions
- b. Intra Uterine transfusions (IUTs)
- c. Neonatal transfusions (overall practices; blood components transfusions; exchange transfusions)
- d. Pediatric transfusions (overall practices; blood components transfusions)
- e. Granulocyte transfusions in pediatrics.
- f. Transfusions in hemoglobinopathies (Thalassemia, Sickle cell disease etc.)
- g. Transfusion in pediatric surgery, critical care, ECMO and cardiac surgeries
- h. Pediatric Apheresis (Therapeutic Plasma/ RBC Exchange)
- i. Pediatric Apheresis (Cytapheresis: Peripheral Hematopoietic Stem Cells collection/ Mononuclear cells collection/ PBSC product manipulation)
- j. Pediatric transplant immunology
- k. Patient blood management (PBM) in pediatrics
- l. Factors support hemophilia
- m. Pediatric Hemovigilance (adverse transfusion events)
- n. Massive transfusions in pediatrics
- o. Quality Management in pedi-components
- p. Education in Pediatric Transfusion Medicine
- q. Other
